Classes are at the "core" here at BSA!

Join us on Saturday to have some fun and learn more about our values!

No talent is required, just enthusiasm and a willingness to give something new a whirl! Talk to your friends, sign up together or choose different classes, but attendance is encouraged!

There's No Business like Show Business (1)

It won't just be our students playing and singing at Expressions – If you're so inclined, you'll have the opportunity to sing and play along.

Radio Show (2)

Step back in time and join the cast of an old-fashioned radio show, sound effects and all. The show will be recorded in our new library.

Theatre Games (3)

An Expressions classic, this class is based on the games that our actors play-to-learn, with veteran actor Tony Tsendeas leading the activities—Fun, casual, funny!

Salsa Dance (4)

Salsa means sauce in the Spanish language and carries connotations of spiciness. Get ready to show your dance "spice" in this class with the inimitable Maria Broom.

Enter the 3rd Dimension (5)

You've heard all about the latest technology in printing – 3D. Now's your chance to try your hand and print a 3D keepsake in our new Center for Collaborative Arts & Technology.

Quench your Thirst for Art! (6)

Make yourself a beautiful water goblet to enjoy the beverage of your choice in style!

Visit this incredible new "lab," sponsored by Greenberg Traurig and created by BSA's own students. Every guest will have the opportunity to "direct" their very own video combining original dance, music, images, and spoken verse. Enter the lab and/or download the link on your iPad, smart phone, or computer at home. We're excited to see all the videos you will create!

Please list your name (and your guests' names if possible) and the number of the class you'd like to attend.
