

THE FOUNDERS' SOCIETY & THE DIRECTOR'S CIRCLE

The Baltimore School for the Arts Foundation, guided by its Board of Overseers, provides nearly all of the funding for the high school arts programs and for TWIGS, the school's free after-school arts education program, as well as for other community outreach initiatives.

The BSA Foundation offers two important giving opportunities, the Director's Circle and the Founders' Society. These generous circles of giving help to ensure that our high school students and our TWIGS flourish and succeed.
