(See details on page 2)

WHAT TO WEAR

Fun and festive is the tone of the evening!
Cocktail attire is suggested.

MENU

Classic Catering created the menu this year! Cocktails and heavy bites will be located throughout the Joseph Building with delicious menu options for all food preferences. If you have any special dietary concerns, please contact Kellan Newby-Matthews at knewby-matthews@bsfa.org.

WHERE TO ENTER

We will begin welcoming guests using the BSA ballroom entrance at 5:00 pm. Guests will enter through the tent, under our marquee entrance, on Cathedral Street. After check-in, please enjoy one of two passed specialty cocktails in addition to wine service, and a snack on your way to your reserved seat in the risers.

EVERYTHING YOU NEED TO KNOW

EXPRESSIONS CLASSES 2023

DANCE:

The Zumba® program is a fitness party with a contagious blend of Latin and international rhythms that provides a fun and effective workout. It's the perfect combo of fun and fitness. Dance to great music with great people and experience the most awesome workout ever!

CCAT & MUSIC:

Do you love to sing and dream of singing on stage? Join us for Karaoke in the Library. Take turns taking the stage and follow along with your favorite tunes as the lyrics shine on screen!

VISUAL ART:

The Visual Arts cordially invites you to an immersive 60s New York party experience within your Infinite Journey through Expressions. You'll enjoy the euphoria of the rebellious avant-garde scene and become a part of the action: hang out in our Silver Factory lounge, take part in a life drawing, join a collage art production line, and pose for photos while the turntable gives you endless tunes... until it's time to go home.

THEATRE:

In this workshop, you will get a peek behind the curtain— learning how to fight choreographers and work with actors to create memorable moments of faux physicality and fighting fun. Come see the magic made right before your eyes - and learn some dangerous (looking) moves!

FILM:

Whether we are conscious of it or not, everyday sounds can be an important part of movie magic. Lonely footsteps in a dark hallway. The distinctive crunch of a fist meeting a jaw during a fight. Even smaller sounds, like ice tinkling in a glass or someone fussing with a pair of eyeglasses. All of these sonic elements contribute to a sense of immersion in a scene, and many of them are added after the fact! This technique is called foley, and in this workshop, you'll learn about some of the most common tricks of the trade and get a chance to add life to a scene yourself through a hands-on exercise. Afterward, you'll never think of the audio backdrop of a film (or your own life) in quite the same way.
