## Saturday Gala

MARCH 9

Join us at the Schaefer Ballroom on Saturday, March 9, for *Expressions '24: The Cornerstone*. As our historic building reaches its centennial in 2024, we are marking this significant milestone by commemorating its role as a transformative space for the youth of Baltimore City, nurturing their artistic, intellectual, and personal growth. Our esteemed alumni have launched their remarkable journeys from this very place. We invite you to witness the beauty of our building, learn its significance in the community, and experience the captivating talents and hard work showcased by our students during this event.

# Expressions 2024: Experience/Class Descriptions

## **Belt Out a Tune**

Whether you are a shower serenader, a carpool crooner, a radical rocker, a train riding troubadour, or a certified operatic enchantress, come belt out your favorite songs with our faculty and students at Expressions Karaoke!

## **Explore Your Artistic Side**

Join our visual arts students and faculty for a dose of drawing and collaging inspired by futurism, *Dada*, and surrealism movements that redefined world culture back in 1924. Explore energy and dynamism in a work to take home with you!

## **Dance Through the Decades**

Come learn a little choreography inspired by the ten decades since our building was constructed! It will feature choreography set to music, videos, and images from the past century. We will compile all of the decades into a music video to share. Join us in the Rothman Family Production Suite and see the magic of our film students and faculty put to work!

## **Hit the Stage**

Do you love musical theatre and find yourself humming along and tapping to the beat? Then come along with our theatre students and faculty as we learn a well-known musical theatre piece!

## **Create a Stop-Motion Animation**

*Cadavre Exquis* or *Exquisite Corpse* is a creative technique developed by the surrealists based on an old parlor game in which people pass around a drawing and add to it without knowing what has already been drawn. Under the guidance of our Guest Artist Kat Navarro, guests will follow the same principle to create an entire stop-motion animation using the *Exquisite Corpse* technique.

## **Score a Film**

Ever wanted to try your musical talents at live film scoring or learn about the process? Well now's your chance to give it a try! Join our students and faculty in the Center for Collaborative Arts and Technology and help build the live score to the *Exquisite Corpse Stop-Motion Animation*.
